The foundation also supports research and training infrastructures in various areas including but not limited to the following fields: humanities, social sciences, natural sciences, languages, business management and other fields of knowledge; this will lead to assessing, evaluating and auditing female targeted initiatives and their effectiveness within a given context; The foundation aims and believes in enhancing and networking with similar organisations and/or institutions and/or non governmental organisations in Europe and North Africa with the aim of establishing collaborative initiatives in order to Urgently and constantly address the issue of the so-called “gender inequalities” and assist communities to bridge that gap;
