Mission and aims

West is an online newspaper aimed at providing the last breaking news on welfare policies in Italian and English. It was conceived for:

- making information on welfare as relevant as within the society;
- informing according to technological and language procedures, so as to enable the comparison of social policies between Italy and other EU member states, concerning:immigration and asylum, equal opportunities, family, poverty and social inclusion, elderly, minors, persons with disabilities, addictions, youth, civil society.
